

The 2019 Suffolk Schools Orienteering Championships was held at the Thorpe Woodlands Adventure centre for the third year running on Thursday 23<sup>rd</sup> May 2019. Nine teams from seven schools had qualified for the final from three regional heats. The heats were held at Hartismere, Beyton and Mildenhall. Each team consisted of two pairs of orienteers from Year 5/6.

The final was a score event run in pairs. There were twenty controls and the pairs had to find as many controls as possible within fifteen minutes. If pairs went over the 15 minute time limit, the number of controls found at fifteen minutes has been awarded and the time has been set at fifteen minutes. Trophies were presented for the first three individual pairs and a team award for the school with the highest combined number of controls of their two pairs. Results below
