

Nowton Park Summer Series 2015 – Results

Nowton Nonplusser:

Luckily the weather forecast was wrong and we were able to enjoy Nowton in the sunshine. This was my first attempt at organising and planning an event and I am very grateful for all of the positive feedback that I received. The format of the event was a 'little' complicated for an evening event after work and I hope that you were not too nonplussed by it. A few of you have told me that they punched a few of the controls out of order and rather than meanly disqualifying them, I have just not counted those points in the total. Apologies to those on the yellow course for the failure of the control numbers, I thought I had checked everything but I missed that.

Finally a massive thanks to Phil Halford for updating the map and to all of those members who stayed behind to collect the controls and pack up.

Many thanks,

John and Matt Clarke

The time penalties were 5 points for each of the first 3 minutes (or parts of minutes) then 20 points for every further minute.
